<p>Hope we got Peyk-e Iran straightened out for you.</p> <p>New Subject: If you are interested, please see our L241403 COPY TO LIAISON Moscow Portuguese to Brazil 240030 (Peace and Progress) which says in part:</p> <p>"The BBC took an excerpt from a Soviet public opinion broadcast of the Peace and Progress Broadcasting Station on magnetic tape and transmitted it to Brazil, attributing it to Radio Moscow, which belongs to the government."</p> <p>Perhaps, on the strength of this, we should remove the word "MOSCOW" from the sourceline of Peace and Progress programs, or, since that would not be logical, include "Peace and Progress Station" in the sourceline.</p> <p style="text-align: right;">STAT</p>
